

THE GREATEST GIFTS OF THE NILE

Directions: You and your partner will be creating a video segment on Flipgrid, about what you believe are the two greatest gifts that the Nile River gave the Ancient Egyptians. You will create a script for your video segment including the two gifts you choose and two reasons why you believe those gifts are the most important. Remember, as a class we have decided the number one gift from the Nile River was water. For this assignment, think about the next two important gifts for your script/video.

Gift #1: The Water

As a class we chose water, because without the Nile River, there would be no life, and no Egypt. We also thought without water, none of the other gifts from the Nile would be available or usable.

Gift #2: _____

Gift #3: _____
